PRESIDENT'S REPORT

There is no president's report this week.

PADDLE AGAINST CANCER

13 more days! I am getting serious now! We have got a great list of volunteers so far but we still need more! I promise that if you don't get back to me I will be calling you and singing you the boom chica boom song - Jaycee style! Be afraid - be very afraid!!

The Paddle Against Cancer is an important and fun event! We need as many jaycees as we can get to help volunteer. One of my goals as the Volunteer Coordinator is to have all the jaycees out for this event. No matter how small the task - we need your help! It's a great way to spend your day - hanging out in the sun and helping out two great organizations.

Contact me - or I will be calling you! debandjason@shaw.ca or 545-1737 (w), or 549-1769 (h)

HEAD'S USELESS WEBSITE OF THE WEEK

OK This isn't a stupid site, what it is though is really really cool so its worth an entry just to show off a cool technology. Go to <http://maps.google.ca/> then do a search for Vernon, BC Then once the city comes up click on the Satellite button. You'll see that the North part of the city looks a bit different, that's because its actually photographic material from a satellite. Zoom in as close as you can on the North part of the city and find things, I found my parents house and I could see their cars parked in the driveway. WOW! Just way too cool.
