PRESIDENT'S REPORT

Happy Thanksgiving Fellow Jaycees,

I hope everyone was able to enjoy a festive Thanksgiving with family and friends.

Our elections are being held this Thursday during our General Meeting. The meeting will be held at the Village Green and will begin promptly at 7:00 pm. Guest and visitors are always welcome. Be sure to come a bit early to talk to some of the candidates and to get a good seat. The meeting room will be posted on the board by the hotel reception desk.

If you wish to run for a position but have not yet been nominated then get a buddy to nominate you from the floor or contact Wilf Mulder at wilf@new-horizons.ca.

For those who are running for office, please note that there is a 2-3 minute speech with a question and answer session for all candidates running for office. The exception is for the position of president where there is a maximum of 5 minutes allotted for the speech.

Also, because we are holding our elections at the Village Green there will be no outside food or beverages allowed (alcoholic or not). Please be respectful of the hotel in this matter. Bribes are still a definite part of our election process but this year you will just have to be a bit more creative.

See you all on Thursday,

Kim

TURKEY FACTS FROM KIM

- Turkeys have heart attacks. When the Air Force was conducting test runs and breaking the sound barrier, fields of turkeys would drop dead.
- Turkeys can drown if they look up when it is raining.
- A wild turkey has excellent vision and hearing. Their field of vision is about 270 degrees. This is the main reason they continue to elude some hunters.
- A spooked turkey can run at speeds up to 32 kilometres (20 mph) per hour. They can also burst into flight approaching speeds between 88 kilometres per hour (50-55 mph) in a matter of seconds.
- Canada ranks sixth out of ten for world turkey production.
- Big Bird (from Sesame Street) is dressed in a costume of turkey feathers. His costume is made of nearly 4,000 white turkey feathers (dyed yellow).
